The American Institute of Architects (AIA) Continuing Education System

Modernfold Registered Provider Program Summary Handout

Provider: **Modernfold**   Length: **1 Hour**

AIA Course Number: **IMOD08G**   Credits: **1 AIA HSW CE Hour**

Course Title: **The Future is Now: Automated Operable Walls**

Description

With the growing popularity of multi-use spaces, there is an increasing demand for fully-automated, flexible space solutions. Join us for this one-hour course as we discuss automated operable wall options in the market, end-user operation, and associated cost and time savings. By the end of this presentation, you will be able to select fully-automated wall solutions based on need, expected benefits, and overall improved well-being of occupants.

Learning Objectives

By completing this course, the design professional will be able to:

1. Understand how flexible space is evolving in the marketplace.

2. Articulate the benefits of fully-automated operable walls.

3. Identify the different fully-automated wall systems currently available and their pros and cons.

4. Illustrate how automated walls can be used in a variety of applications to meet the diverse needs of different markets.

Method of Delivery

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

Cost to Participants

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.
